

The Defend MI Vote Pledge

1 Immediately and permanently cease funding, directly or through conduit entities, any campaign committee controlled by Michigan state legislators who support voter suppression bills ([list below](#)), unless all such bills and the “Secure MI Vote” effort (better-termed “Suppress MI Vote”) are withdrawn before passage.

Any of these officials can take themselves off the list by publicly committing that they have changed their position and will vote against any voter suppression bill, including the “Suppress MI Vote” initiative when it is presented to the state legislature.

2 **Never again fund, directly or through conduit entities, a campaign committee controlled by elected officials that have approved voter suppression bills passed in any state,** including state legislators and governors in their current or future offices.

3 **Never employ in a senior position, following their time in office, any elected official that has approved or voted in support of a voter suppression bill** that goes into law or give significant contracts to businesses owned by these individuals.

4 **Never again fund, directly or through conduit entities, any of the 147 federal legislators** who voted to overturn a legitimate presidential election on Jan 6, 2021 ([list below](#))

5 **Withdraw from any industry association** that doesn’t make the same commitments.
